Summary:	<p>This paper provides a briefing on our progress in developing a Primary Care Commissioning Programme in Wandsworth as part of the wider transforming primary care programme. This paper should be read in conjunction with the Delegated Commissioning paper submitted by South West London Collaborative Commissioning (SWLCC) which provides an update on matters relating to delegated commissioning for each of the South West London CCG Governing Bodies to support the decision making process.</p> <p>This paper details our local progress to date updating on the developments of the work programme and how the CCG is ensuring that we will be in a position to take on fully delegated commissioning responsibilities in the future whilst addressing some of the previous concerns raised by the Board.</p>
Key sections for particular note (paragraph/page), areas of concern etc:	<p>Key sections for the Board to note are:</p> <p>Section 3.0 – primary Care Commissioning Update with particular focus on 3.4, 3.5 and 3.6</p>
Recommendations:	<p>The Board is asked to note:</p> <ul style="list-style-type: none"> The progress to date in developing our local approach to delivering our Primary Care Commissioning Programme and establishing our Primary Care Commissioning Implementation Group. The details included in the South West London Paper and the request to decide whether to proceed with a submission to NHS England on 6th November 2015 to move to delegated commissioning, as of the 1st April 2016, subject to the outcome of the due diligence exercise. <p>The Board is also asked:</p> <ul style="list-style-type: none"> To delegate the responsibility to the Primary Care Commissioning Implementation Group for the completion and submission of Wandsworth CCG's application to ensure that the correct due diligence is in place as required to complete submission by the 6th November.

Equality Analysis

Has an Equality Analysis been carried out? No as a full EIA is not required as this paper provides and update to previous board papers and is directly related to summarising national policy, and agreeing a way forward. A formal EIA will be required once our approach has been agreed and the details to implementing Co-Commissioning in Wandsworth developed further.

Which of the following Assurance Domains does this work relate to:

- Achievement of Corporate Objectives/Risks: Co-commissioning forms part of the larger Primary Care Transformation programme ; as such Risk 79 on the CCG Register states that primary care transformation is key to realising the full benefits of out of hospital care
- Delivery: Co-commissioning forms part of the larger Primary Care Transformation programme which is part of the 5 Year Plan for Out of Hospital Care
- Performance: The CCG has a statutory responsibility for the development of quality in General Practice
